

I propose that the FCC should not implement any proposal that would lessen Indiana's Telephone Privacy law protections. I have been pleased with not getting so many interrupting solicitors calls at all hours of the day and night. I realize that telemarketing created jobs for many people, but I do not why they would want a job in which they knew they were disturbing and annoying people and were being continuously hung up on. Please leave the the Telephone Privacy law as it is. Thank You, Linda L. Clark
